The Formal Application Process and Coursework Preparation for Medical School Admission

By

Chris Binette, BME BS Graduate & 1st Year Medical Student at UCHC

Wednesday, November 10, 2004

United Technologies Building, Room 150

5:00-6:00 pm

Abstract:

The focus of this presentation is on coursework, MCAT preparation, and the application process for medical school admissions.

Chris has created a website in the BME program website at <http://www.bme.uconn.edu> on Medical School and the application process with important links and reference material.

Chris Binette is a 1st year medical student at the UCHC, and a BME alumnus of May 2004.
