STEM & Business Internships at UConn's TIP

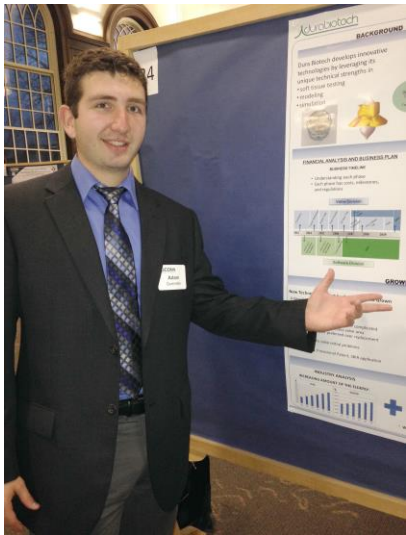

UCONN

Opportunity, engagement and learning... in a “real-world” entrepreneurial environment

What UConn-TIP Internships are available?

- **Internships can be in Business or STEM:** Business areas include marketing, development, communications, accounting, management and more. STEM areas include biology, genomics, engineering, chemistry, infomatics, and more.
- **Summer Program:** 10-week long paid research internships for UConn undergraduates, Master’s students, and recent graduates.
- **Research-for-Credit Program:** Academic credits earned for part time research for enrolled UConn undergraduates and Master’s students
- **Program enrichments:** Seminars, networking events, and presentations at UConn-TIP Intern Research Day, and UConn’s Frontiers in Undergraduate Research Symposium.

Who is involved?

The UConn-TIP Intern program is directed by founder Dr. Caroline Dealy, UConn Health Center scientist; with a program advisory committee headed by Paul Parker, Director of UConn’s TIP.

Support for the UConn-TIP Intern Program comes from TIP and participating TIP companies, and from our UConn partners:

- Colleges of Liberal Arts & Sciences, and Agriculture, Health & Natural Resources; Schools of Engineering, Pharmacy and Business
- UConn’s Entrepreneurship & Innovation Consortium
- McNair Scholars Program with the Center for Academic Programs; and the UConn Health Careers Opportunities Program
- UConn’s Office of Undergraduate Research, and the Center for Career Development

For more information, or to become a supporter, contact:

Dr. Caroline Dealy, program founder and director: dealy@.uchc.edu, 860-679-1193

What is TIP?

The UConn Technology Incubation Program (TIP) helps University-affiliated start-up companies develop and grow. TIP companies are developing new medical devices, drugs and therapies; computer applications, engineering systems, and more. There are >30 TIP companies in incubators at three UConn campuses:

Storrs TIP (at main campus)

Farmington TIP (at UConn Health)

Avery Point TIP (Groton campus)
